Endpoint & IT Support	Microsoft & Cloud	Technical & Analytical
Windows Support End-User Technical Support Hardware & Peripheral Troubleshooting User Access & IT Asset Management	Microsoft Azure Fundamentals Windows Cloud Technology Fundamentals Intune — Learning/Target Skill Office 365 — Learning/Target Skill	C# • .NET Core • REST APIs SQL Server • MySQL • Python Git • GitHub • Docker Problem Solving • Documentation

PROFESSIONAL EXPERIENCE

BANSAL HOSPITAL — Executive | Bhopal, India | Feb 2024 – Dec 2025

- Provided technical support for desktop systems, printers, peripherals, and network devices, helping users resolve day-to-day technology issues.
- Installed, configured, and maintained computer systems and peripheral devices for end users.
- Diagnosed hardware, software, and network connectivity issues and provided timely technical assistance.
- Supported user accounts, system access, and IT asset inventory, maintaining accurate records of technology resources.
- Coordinated with users and internal teams to understand technical problems, identify causes, and support resolution.
- Assisted staff with new systems and technologies and maintained technical and operational documentation.

APEX KIDNEY CARE PVT. LTD. — Executive Admin | Bhopal, India | Feb 2026 – Jun 2026

- Coordinated daily operations across administrative and clinical teams, ensuring timely completion of operational requirements.
- Prepared MIS reports and maintained accurate operational and patient records.
- Coordinated scheduling, billing, documentation, inventory, and vendor-related processes.
- Worked with multiple stakeholders to identify operational issues and coordinate appropriate resolutions.
- Maintained sensitive documentation professionally and supported accurate, organized information management.

MAGNUM SUPER DISTRIBUTOR — Executive | Nov 2023 – Jan 2024

- Supported daily administrative and operational activities, including records, reports, and documentation.
- Coordinated communication with customers and internal teams to support routine business requirements.

TECHNICAL PROJECTS

Hospital Management System | ASP.NET Core MVC, C#, Entity Framework Core, SQL Server, HTML, CSS, Bootstrap, Docker

- Developed a web-based healthcare management system covering patients, doctors, departments, appointments, and billing.
- Implemented database operations and CRUD functionality using Entity Framework Core and SQL Server; containerized the application using Docker.

Face Recognition Based Attendance System | Python, OpenCV, MySQL, Haar Cascade, LBPH

- Developed an automated attendance solution using face detection and recognition with MySQL-based attendance records.

EDUCATION

- Bachelor of Technology (B.Tech) — Information Technology | Technocrats Institute of Technology, Bhopal / RGPV | 2020–2024 | CGPA: 8.69/10
- Higher Secondary — MP Board | 89.60%
- Secondary — MP Board | 93.80%

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- HackerRank SQL (Intermediate)
- Python for Data Science and Machine Learning

ADDITIONAL TECHNICAL KNOWLEDGE

Operating Systems: Windows, Linux fundamentals | Databases: SQL Server, MySQL | Programming: C#, Python, C++ | Frameworks: .NET Core, ASP.NET MVC | Development: REST APIs, OOP, DSA | Tools: Git, GitHub, Docker | Cloud: Microsoft Azure Fundamentals

TARGETED KNOWLEDGE AREAS

Microsoft Intune | Office 365 | Modern Endpoint Management | Mobile Device Management (MDM) | Microsoft Cloud | Windows Endpoint Support

Actively developing practical knowledge in Microsoft Intune and modern endpoint-management concepts.
